

ECS Holdings Limited Fact Sheet

About ECS

ECS is a leading Information and Communications Technology (ICT) products and services provider that was established in 1985 and listed on the SGX Mainboard in 2001.

With three main businesses, namely Enterprise Systems, IT Services and Distribution, the Group has a network of more than 21,000 active channel partners across China, Thailand, Malaysia, Singapore, Indonesia and the Philippines.

ECS is well-positioned to be a regional partner of choice for any global-leading MNC ICT brand vendor tapping on Asia Pacific's ICT spending growth. Leading global brand names like Hewlett-Packard, Apple, Microsoft, Sun Microsystems, IBM, Oracle and EMC leverage on ECS' extensive channel partner network to distribute their products across the region.

Business Segments

Enterprise Systems	As a one-stop IT hub providing the IT infrastructure needs of corporations, ECS helps companies exploit IT by giving them the edge in their business through product & services integration, leveraging on its wide portfolio of products from leading IT vendors.
IT Services	ECS offers a spectrum of professional, technical and training services. We have the technical capabilities to deploy and integrate solutions like Virtualisation, Data Storage, Info-Security and Application Integration.
Distribution	Having a highly efficient logistical and IT infra-structure, ECS has the capability to distribute fast moving products in the quickest and most effective manner to customers anywhere, anytime.

Stock

ECS shares are traded on the main board of the SGX with the stock code "E18". The ticker symbol for ECS is "ECSSIN".
